Claim Amendments

A listing of the claims, including Claim 1 as herein amended and Claim 9 as canceled, is set forth below.

1. (Currently Amended) A method of inhibiting the progression of type 1 diabetes in treating a mammal having type 1 diabetes or the development of type 1 diabetes in a mammal at risk for type 1 diabetes, the method comprising administering to the mammal a pharmaceutical composition comprising an anti-diabetogenic effective amount of an agent that inhibits a macrophage migration inhibitory factor (MIF) in the mammal, wherein the agent comprises a binding site of an antibody that binds specifically to the MIF.
2. (Canceled).
3. (Previously Presented) The method of claim 1, wherein the agent is an antibody.
- 4-9. (Canceled).
10. (Withdrawn) The method of claim 1, wherein the mammal is a rodent.
11. (Original) The method of claim 1, wherein the mammal is a human.
- 12-25. (Canceled).
26. (Withdrawn) The method of claim 1, wherein the agent is an Fab fragment or an F(ab)<sub>2</sub> fragment.
